Old Business

Packing for the Power Pack Program will take place at the church again on February 3rd. We packed 100 back packs this past month.

We are not looking into purchasing a new copier for the church office from Copy Tech. However, the nine-year-old copier is going to be serviced again in an attempt to remove black lines from copies.

New Business

The Trustees fixed the shower drain in the parsonage. A “No Parking” sign has been placed on the upper side of the parking lot. They are looking into new gauges on furnaces.

The Committee on Faith Promise will have 2 empty spots they wish to fill.

Heidi McDonald has been asked if the girl scouts are still meeting at the church. They are meeting, just not on a specific day. Cookie sales are still ongoing. They look forward to having a camp out in June. She asked the council on behalf of Jackie Treese to have a Daisy Troop here at the church sometime this year. This was approved by all.

The Administrative Council has agreed there needs to be a large, hard calendar in the office.

Cheryl Duncan requested to use the fellowship hall for a baby shower on April 8th and 9th. This was approved by all.

The Youth Group requested to use the fellowship hall on February 7th after the church service for a soup and salad lunch. There is no cost, but donations will be greatly appreciated. This was approved by all.

Nate McNutt has requested to have a young adult bible study on Thursday evenings. This was approved by all.

The Ministerium and Pastor Tom asked to invite Jimmy Hendrix to the church on May 15th during the church service. They also asked him to perform that evening. He only asks for a love offering. This was approved by all.

All fruit baskets have been delivered.
